

PROFESSIONAL AND DIGITAL LEADERSHIP FOR IMPROVED BOARD GOVERNANCE IN THE NEW NORMAL

Digital Board Programme

The role of strong leadership on the Board is never more important than in a crisis like COVID-19. Duke Corporate Education's Board Programme develops professional, ethical leaders who can engage effectively at the board level, whether by contributing as a high-performing board member or by presenting professionally to the board and delivering integrated reporting. This programme will enable leaders to navigate board-room dynamics with professional ease.

Through five half-day sessions, this stimulating and immersive programme will enable senior managers and board members to develop professional, ethical, digital-savvy leaders, capable of navigating new cyber challenges at the board level.

► Our Approach

Duke CE's immersive board programme includes:

- A professional series of five half-day, blended learning sessions.
- A deep and engaging exploration of professional board practice that will allow senior management to interact effectively with and influence the board.
- Conducted by professional, leading-edge facilitators and experts in board practice with practical hands-on experience.
- Utilising ground breaking case studies, simulations and immersive engagements with seasoned board members to stimulate an in-depth understanding of the workings of a successful board.
